

# 10-13 Code Review

By Kelton Watts

Standard	Feedback
Functions, Methods, and Size	No problems.
Formatting, layout, and style	No problems.
White Space	No problems.
Block and Statement style guidelines	No problems.
Declaration Style Guidelines	No problems.
Commenting Style Guidelines	Block 13 had only 1 preceding blank line instead of 2. See figure 1 and 2.
Identifier naming conventions	ani is not as clear as animate as a name. See figure 3 and 4.
Defensive programming	No problems.
Error Handling	No problems.
